**TUP** is a beautiful dark bay, full fifteen hands three inches high, remarkable for his strength, form and activity—he was brought from London by Will. Smalley, in the fall of 1801, in the American ship Gen. Lincoln. He has covered two seasons in Virginia. Certificates from men of the first rank and respectability there, now in our possession, prove him to be equal, as a foal getter, to any horse in Virginia, either imported or country bred.

**The Light English stallion, DION,**

**WHICH** was imported from London in the fall of 1801, by the late John Hoopes esq. of the Bowling Green, and is remarkable for his fine colts; he was bred by W. Garforth esq. of Yorkshire, and is undoubtedly a horse of as fine blood as any in England; he was a good racer, and beat several of the best horses in that kingdom. He won a sweep-stake at York August meeting, nine subscribers, 50 guineas each, beating Mr. Winworth's colt by Escape, Lord Fitz William's bay colt by Walnut, Mr. Wilson's colt by Escape, Mr. Pierle's bay colt by Spadille, Sir C. Turner's colt by Escape. In 1800 he won the stand plate at York, for all ages, beating the famous male Jonah. The same year he ran over the York course (4 miles) with Hambletonian, for the great subscription, and although the greatest exertion was made by the rider of Hambletonian, yet he beat Dion only the neck, and actually refused to run with him for the gold cup at Doncaster, a few days after, which Dion won with the greatest ease, beating Lord Darlington's bay colt Hap-Hazzard by Sir Peter Teazle, Lord Fitz William's brown filly Fanny, by do. Sir Harry Vane Tempest's bay colt by Walnut. Dion at another time beat Mr. Cooklin's Sir Harry, and Sir Thomas Galcoigne's Timothy, and several other horses of high repute, and was considered a horse of great speed and bottom, for his racing (in almost every instance) was 4 miles.

**DION**, now rising 11 years old, full fifteen hands two inches and a half high, a fine bay, with great strength and beauty, and has probably the best feet, legs, back and quarters that were ever combined in one horse; Stands this season (which will commence the 20th of March and end the first of August) at Madison court house, and be let to mares at 12 dollars the single leap, paid in hand, 24 dollars the season (four dollars of which will be remitted if paid by the 20th of December next) 40 dollars to insure a mare with foal, and one dollar to the groom in every instance, paid when the mare is covered. Good beefsteers on foot, weighing not less than 400 delivered the first week in August, good fat pork on foot, delivered the 1st week in October; inspected crop tobacco, delivered at any ware house on the Kentucky river, and merchantable hemp, delivered either at Madison court house or Lexington by the 20th of December, will be received in payment, at the cash market price when delivered—a promissory attested note for 24 dollars the season, and 40 for insurance must be sent with the mares—should those mares insure not prove with foal, and the property not altered, the money will be returned. Good pasturage found gratis for mares coming from more than 12 miles distance, and those gentlemen who with their mares fed, may have it done at three shillings per week.

Both the horse and mares will be under the direction of E. Faulkner and Henry Banton.

**Wm. T. BANTON.**

#### PEDIGREE.

**DION** was bred by W. Garforth esq. and was got by Spadille, one of the best sons of Highflyer; his dam Faith by Paulet, a grandson of the Godolphin Arabian; his grand dam, the famous Atalanta, by Old Matchem, out of Lads of the Mill, Oroonok, Old Traveller, sister to Clark's Lads of the Mill, Mr. Holme's Mifs Makelefs, by Grey Hound; Old Partner, Woodcock, dam of Lambton, Mifs Doe, Croft's Bay Barb, grand dam of the Ancafter Starling, Makelefs, Demona's dam, Brimmer, Dicky Pierfon, son of Dodsworth, out of the Burton Barb mare. This pedigree was taken from the general stud book of England.

Attested notes for forty dollars insurance, and thirty for the season will be expected with the mares—good and extensive pastures, well watered and under good fence are provided, and will be furnished gratis to all mares sent from a distance; and the greatest care and attention will be paid by Mr. Sourbray, but cannot be accountable for accidents or escapes.

#### JOHN W. HUNT.

Lexington April 1st, 1806.

**ARRA KOOKER**, is a beautiful bay, with black legs, mane, and tail; full sixteen hands high, and for figure, strength, elegance, movement and bone, is surpassed by no horse on the continent—As to his colts must refer you to Maj. James Heard of Winchester, Virginia, who is at present in this place, and to Mr. Robert Barr, who lives near this place, and whose certificates are annexed to this advertisement.

I DO hereby certify, that I have bred a colt by **ARRA KOOKER**, and think it extremely large and elegant, with remarkable fine limbs—The appearance of it has induced me to enter it in a sweep stake of 500 dollars—Likewise have seen a considerable number, which are promising—He is supposed to be a sure foal getter. Given under my hand this 10th day of April, 1806.

**Danl. Bradford.**

I do certify that whilst I was in New-Town, in the Fall and Winter of 1803, I saw several of **ARRA KOOKER**'s colts, they were rising 2 and three years old, they promised to be very fine, and during my stay in that part of the country, I visited Penny-Town, in New-Jersey, where **ARRA KOOKER** had stood, and general report spoke highly of him as a sure and good foal getter.

**Robert Barr.**

Lexington March 26th, 1806.  
**ARRA KOOKER** was imported from England by Dr. Tate, 1798. Is a beautiful bay, with black legs, mane and tail; full sixteen hands high; a lofty elegant figure, with a great proportion of bone & strength and moves well; he is from the pure turf blood, he is from the best line of horses in England.

**ARRA KOOKER** was got by the celebrated running horse Drone (who won 25 Kings plates, Jockey club plates, and matches, to the amount of 5000 guineas) his grand sire was Herod, out of Lilly; his great grand sire was Blank, the sire of Eclipse—his dam was Mr. Dodsworth's Chadsworth mare, by Chadsworth, a son of Blank's, (dam of Abba Thule) his grand dam by Engineer, his great grand dam by Wilson's Arabian, his great great grand dam by Hutton's Spot, his great great great grand dam by Mogul, great great great grand dam by Crab, Bay Bolton, Curwin's Barb, Spot White legged Lather barb, &c. &c.

**ARRA KOOKER** when three years old won a sweep stake of 100 guineas, two miles, five horses started at New-Castle on Time and 50 guineas Northallerton; at four years old he walked over the course for 100 guineas at New-Castle on Time—no four year old would enter against him the four mile heats, (you may in the racing calendar see) in consequence of an injury in his leg, received in running, he was taken out of training; but of which he is now perfectly recovered and free from blemish.

I certify that the bright bay horse **ARRA KOOKER**, this day sold by me to Dr. James Tate, of Philadelphia, North America; was bred by Mathew Dodsworth, Esq. of Crake Hall Yorkshire; that he was got by the running horse Drone out of Abba Thule's dam, for whose pedigree reference may be had to the Stud Book, &c. &c. **V.** His majesty the Emperor of Germany and Austria, acknowledges his majesty the Emperor of the French as king of Italy; but it is agreed, that in conformity with the declaration made by his majesty the Emperor of the French, at the moment when he took the crown, that as soon as the parties named in that declaration, shall have fulfilled the conditions therein expressed, the crowns of France and Italy shall be separated forever, and cannot in any case, be united on the same head. JAMES HEARD. May 1st, 1805.

FOR SALE, 18,000 Acres of Land, ON the left hand side of the three forks as you go up the Kentucky, and at their junction. This land runs along the river three miles, and nine miles back. The bottoms are rich land; the ridges are capable of producing wheat, and other small grain. The pasturage is excellent for raising flock of all kinds, as it has a plenty of cane brakes, and peavines. All along the river is the sugar tree, wild cherry, and other woods common to this country. When you go back some distance, is the pine; which produces tar, turpentine, pitch and rosin; which will finally be valuable, independent of the wood that is upon the land. There is also a rock close to low water mark; that when the water is very low, shows clear salt upon its surface; and the rock itself tastes salt. There has been three water-witches (as they call them,) trying the experiment, and say, there is four feet square of very flat water at the top of the bank, which is not an hundred feet from the water; and close to it a very easy ascending hill, for several miles; and also the wood along the river. A coal bank within three hundred yards. There is also five valuable coal banks, which are near the river, with easy access to them. A coal yard and boat yard; and it is said, several salt-petre caves. The bottoms and along the creeks would produce good cotton or hemp. Lexington alone, independent of the country blacksmiths, consumes thirteen thousand bushels per annum. Tobacco, flour, beef, pork, tallow, hogs' lard, hemp, cordage, whiskey, or cast iron, will be taken in payment. Part credit will be given. If the whole cannot be sold, a half will be sold, or a third. A clear and indisputable deed will be given. For terms apply to Mr. Wm. Leavy Lexington, or at this office.
